

Boughton Heath Academy Curriculum

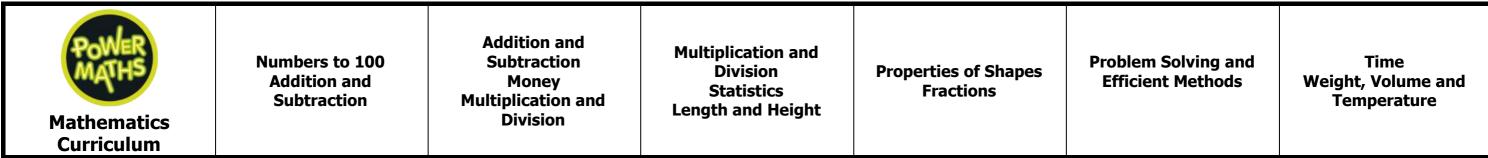

Year Group Overview 2023 – 24

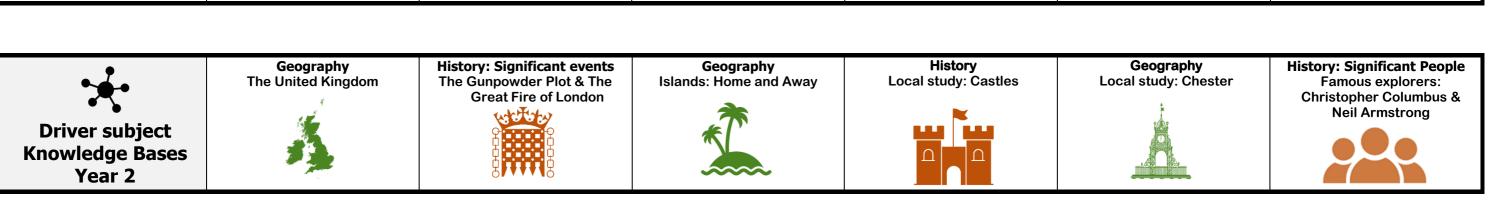

Year Two

Here, children thrive...

English and Mathematics Curriculum Overviews

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Science	Animals needs for survival 2. Find out about and describe the basic needs of animals, including humans, for survival (water, food and air). Humans 1. Describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene.	Materials 1. Identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses. 2. Find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.	Plants 2. Find out and describe how plants need water, light and a suitable temperature to grow and stay healthy	Living things and their habitats 1. Explore and compare the differences between things that are living, dead, and things that have never been alive. 2. Identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other. 3. Identify and name a variety of plants and animals in their habitats, including microhabitats. 4. Describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food.	Plants 1. Observe and describe how seeds and bulbs grow into mature plants.	Growing Up 1. Notice that animals, includin humans, have offspring which ginto adults. Scientist Study: Agnes Arber P - Person study A - Area of interest I - Investigations L - Legacy
Geography	The United Kingdom 1. Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas 2. Use basic geographical vocabulary to refer to key physical and human features 3. Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles 4. Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage 5. Use simple compass directions (North, South, East and West) and locational and directional language to describe the location of features and routes on a map 6. Use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features Diversity		Islands: Home and Away 2. Use basic geographical vocabulary to refer to key physical and human features. 3. Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles 4. Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage 5. Use simple compass directions (North, South, East and West) and locational and directional language to describe the location of features and routes on a map 6. Use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features 7. Understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country.		Local study: Chester 2. Use basic geographical vocabulary to refer to key physical and human features. 5. Use simple compass directions (North, South, East and West) and locational and directional language to describe the location of features and routes on a map 6. Use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features 8. Use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment. My place in the world

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2	
Nz	use their voices expressively and creatively by singing songs and speaking chants and rhymes play tuned and untuned instruments musically listen with concentration and understanding to a range of high-quality live and recorded music experiment with, create, select and combine sounds using the inter-related dimensions of music.						
Music	West African call and response song (Theme: Animals)	Orchestral instruments (Theme: Traditional Western stories)	Musical me Children learn to sing the song 'Once a Man Fell in a Well' and to play it using tuned percussion. Using letter notation to write a melody.	Dynamics, timbre, tempo and motifs (Theme: Space)	On this island: British songs and sounds	Myths and legends	
Religious Education	Judaism What do Jews believe about God? 1. Why is the Torah important for Jews? 2. What do Jews believe about God? 3. Who was Joseph? 4. How did Miriam show courage and truthfulness and choose between right and wrong? 5. What rules are important for Jews? 6. What do Jews believe about a creator God?	Judaism How do Jews show faith through practices and celebrations? 1. How do Jews remember Shabbat? 2. What is the symbolism of the Shabbat meal? 3. What does "God is One" mean? 4. How did Esther show honesty and bravery? How is this remembered at Purim? 5. How do Jewish families and their communities celebrate Hanukkah? (Chanukah) 6. Who are the Jewish Matriarchs and Patriarchs?	Christianity Why is the Bible a special book for Christians? 1. What makes a book "Special"? Why do Christians try to live their lives according to teachings in the Bible? 2. What sort of different books are in the Bible? 3. What words of wisdom are there in the Bible? 4. What could the story of David and Goliath teach a Christian? How did David show courage? 5. How does the story of the stilling of the storm help Christians? What other passages have special significance for Christians? 6. What prayers are there in the Bible and why do Christians pray?	Christianity Who was Jesus? Why is he important to Christians today? 1. Who were the disciples? 2. Why was Jesus a teacher and leader? What happened at the feeding of the 5000? 3. Why do Christians believe that Jesus was a healer? 4. Why was Jesus' death part of a bigger plan for Christians? 5. What is the resurrection? 6. Why do Christians follow Jesus?	Christianity Why did Jesus teach people through stories? 1. What does the Parable of the Lost Sheep teach Christians about God? 2. What is the message from Jesus in the Parable of the Sower? 3. What do Christians mean when talking about building good foundations in the Parable of the Parable of the Two Builders? 4. How does the Parable of the Prodigal Son teach about God? 5. How does the Parable of the Good Samaritan teach about Christian love? What does it mean to love your neighbour? 6. What parables can I tell to others?	Life Stages Life Stages. Including linking RE to Outsiders project.	
Physical Education	Ball skills 1. Master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities. 2. Participate in team games, developing simple tactics for attacking and defending.	Dance 1. Master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities 2. Perform dances using simple movement patterns.	Invasion skills 1. Master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities. 2. Participate in team games, developing simple tactics for attacking and defending.	Gymnastics 1. Master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities.	Racquet skills 1. Master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities. 2. Participate in team games, developing simple tactics for attacking and defending.	Athletic activity 1. Master basic movements includ running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range activities. 2. Participate in team games, developing simple tactics for attacking and defending.	
Computing	Computing systems and networks 1: What is a computer? 1. Understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions. 5. Recognise common uses of information technology beyond school.	Programming 1: Algorithms and debugging 1. Understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions. 2. Create and debug simple programs. 3. Use logical reasoning to predict the behaviour of simple programs.	Programming 2: Scratch Jr 1. Understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions. 2. Create and debug simple programs. 3. Use logical reasoning to predict the behaviour of simple programs. 4. Use technology purposefully to create, organise, store, manipulate and retrieve digital content.	Coding 1. Understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions. 2. Create and debug simple programs. 3. Use logical reasoning to predict the behaviour of simple programs. 4. Use technology purposefully to create, organise, store, manipulate and retrieve digital content.	Creating Pictures and Music 4. Use technology purposefully to create, organise, store, manipulate and retrieve digital content. 5. Recognise common uses of information technology beyond school.	Present Ideas 1. Understand what algorithms are how they are implemented as programs on digital devices; and the programs execute by following precise and unambiguous instructions. 4. Use technology purposefully to create, organise, store, manipulate and retrieve digital content.	

	Being me in my world	Celebrating differences	identify where to go for help and support Dreams and Goals	Healthy Me	Relationships	Changing Me
PSHCE & RSE	 Hopes and fears for the year Rights and responsibilities Rewards and consequences Safe and fair learning environment Valuing contributions - choices Recognising feelings 	Assumptions and stereotypes about gender Understanding bullying Standing up for self and others Making new friends Gender diversity Celebrating difference and remaining friends	 Achieving realistic goals Perseverance Learning strengths Learning with others Group co-operation Contributing to and sharing success 	 Motivation Healthier choices Relaxation Healthy eating and nutrition Healthier snacks and sharing food 	 Different types of family Physical contact boundaries Friendship and conflict Secrets Trust and appreciation Expressing appreciation for special relationships 	 Life cycles in nature Growing from young to old Increasing independence Differences in female and male bodies (correct terminology) Assertiveness Preparing for transition
